Dear New Athlete (and parents),

We would like to welcome you to The Master’s College. We’re looking forward to meeting you in the Fall.

Part of the requirements of athletic participation is having a pre-participation health exam (physical) by your physician (MD or DO only) prior to arrival. Please fill out the history portion of the exam form prior to your doctors’ visit and then have your physician complete the enclosed form and sign and stamp the form upon completion. We would ask that you schedule these appointments soon and please return them to the Athletic Training Room (Box #14) by mail or when you arrive at TMC. PLEASE DO NOT RETURN OUR FORMS TO THE HEALTH CENTER. Athletes without a pre-participation exam or athletes having an incomplete pre-participation exam prior to the first practice will not be allowed to practice or compete.

In addition to the pre-participation exam form, please fill out the insurance form and include copies of your insurance card(s). All health records and insurance information are kept confidential and secure. Athletes without the proper insurance information prior to the first practice will not be allowed to practice or compete. Also, it is recommended that you choose a local primary care physician to expedite urgent (non-emergency) medical evaluations if you have an out-of-area HMO.

Again, we look forward to serving you in the Fall.

In Christ,

Dave Larsen, MA, ATC

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
