

The School of General Education serves as a bridge to the Degree Completion Program for those adults with minimal college units. By enrolling in the School of General Education students can earn the units necessary to prepare for cohort courses. Additionally, the School of General Education offers students in the Degree

Completion Program the opportunity to fulfill their general education requirements by attending weekly, accelerated classes at times other than when the major program classes are held.

REGISTRATION

Prior to registration, contact your counselor to verify the courses that you need in order to complete your degree. Check the dates and times of these courses to make sure they fit your schedule, and working with your counselor, proceed with online registration.

Registration for each semester must be completed within the pre-set registration dates. The payment for each course must be made in full at time of registration. Charges will be made to accounts when the course reaches the minimum number of students.

Before a course begins the students can obtain information via the online JOULE course homepage such as classroom locations, required texts, and the coursework due the first night of class. You may purchase books at the College bookstore, online or at a bookstore near you. Please call The Master's College Bookstore at (661) 362-2862 to verify hours of operation, cost and availability of texts.

If a course does not have the minimum number of students after registration is completed, it will be cancelled and students will be notified.

CLASS HOURS

6:00 p.m. to 10:00 p.m. on weekdays

8:00 a.m. to 12:00 p.m. on Saturdays

Class meetings of four hours each are held one day a week for eight weeks, for a total of thirty-two hours of class time. Some courses may have slight variations in scheduling which the professor will announce the first night of class.

HOLIDAYS*

Schedules for sessions affected by holidays will be re-structured to allow for time off. This will be worked out on a course-by-course basis and will be communicated at the beginning of the course.

*Please refer to both your Major Cohort Schedule and the GES schedule for a more accurate picture of delegated Holidays, as they can be different.

IMPORTANT

Pre-class work is required. A list of requirements for the first class meeting will be sent out approximately one week before the course begins. Please be certain that we have your most recent home address, and **note that ALL email correspondence will be sent to your TMC email address.** Therefore, forward your TMC email to your personal account or consistently check your TMC email so that your materials will not be delayed in reaching you.

Any questions regarding the School of General Education should be directed to the DCP Administrative Office at (800) 229-9235, Ext. 2673.
